Filed: August 20, 1996

Examiner: Not Yet Designated

For: VACUUM SEED
METERING MECHANISM

Group Art Unit: 3501

INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

RECEIVED

JUL 12 1997

Sir:

GROUP 3500

Pursuant to 37 C.F.R. §§ 1.97, 1.98 and 1.99, the art identified on the attached PTO-1449 Form, a copy of which art is enclosed, may be helpful to the Patent and Trademark Office during examination of the above identified patent application.

The cited art discloses numerous specific features. There has been no attempt to list each and every feature disclosed by the cited art. The Examiner, however, is requested to review the references and determine the extent of the materiality of the references disclosure with respect to the patentability of the subject invention.

The citation of these references herein is not to be construed as an admission that the disclosure contained in such art is necessarily within the invention field of endeavor, that the disclosure in such art is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that the disclosure contained in such is otherwise necessarily prior art as defined by U.S. patent laws with respect to the instant invention and application.

In re Application of: John F. Stufflebeam et al.
Serial No.: 08/700,216

Moreover, the listing of these references is not to be construed as an assertion that more pertinent art could not possibly be in existence.
